This is Art.

This is Joy.

Art and Joy could also
build marvelous homes
for magical creatures
— in fact, every fairy
in town wanted one of
these mush-**ROOMS!**

NOTE: When building anything for **leprechauns**, green supplies are a must. Gather up anything you can find, like leaves, markers, grass, paint, four-leaf clovers, crayons, and rocks — okay, rocks are usually grey, but green paint can transform them into tiny watermelons, frogs, and chubby pickles!
